

APPLICATION: Transportation of truck frames

SPECIFICATIONS:

Available load space:

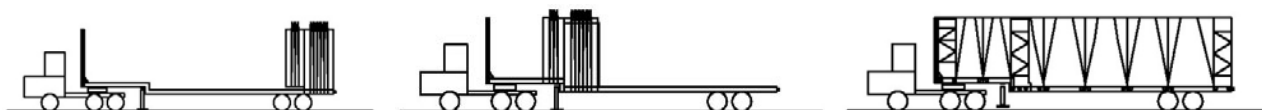

- Width: 102"
- Height: 96 ½" – 118"
- Length: 50'4"

Outside dimensions:

- Width: 106"
- Height: 162"
- Length: 50'4"

Featuring:

- 18 month warranty
- 60 month warranty on aluminum corners
- Translucent roof panels
- Standard stainless steel rail protectors (prevent rail wear)
- Rail guard (protects rail against forklift impact)
- Air deflector (standard)
- Front tensioning system with adjustable rear lock
- 22 oz H/T fabric
- 1 piece tarp (option 1)
- Lightweight aluminum headboard
- Double lift bows (provide increased clearance between roof and load)
- Crank handle operated roll-up door
- Screened custom graphics

Drop deck option 1: The entire tarp system can retract to the rear of the trailer. The lower deck section always remains on the lower deck. Other solutions available (see options 2 and 3)
